TKAM Timeline of Events

Directions: You are to create a timeline that tracks the development of one theme and one character in the novel thus far. The timeline should have a description of the event as well as the page number(s) with which the event happened. Your timeline can be vertical or horizontal.

You should track **either** the mockingbird theme (The worst sin is to harm those that are harmless) **OR** the shoes theme (You can never truly understand a person because you are not in their shoes and you do not know their whole story).

You may pick one of the following characters to chart their development throughout the text: Jem, Scout, or Atticus.
